Baby Sam's parents sent us a note saying, "*My husband and I desperately wanted to grow our family, but we found that the cost of IVF was simply too expensive. The grant from the Evan David Foundation relieved the stress of how to pay for fertility treatments and allowed us to focus on getting pregnant. We would never have realized our dreams of parenthood without the support of EDF, and now we are so blessed to have our son, Samuel. Thank you so much!*"

In 2013, the Foundation had its second round of Grant Awards. We were again able to give two Grants of \$5,000 each. We will update you on the success of these Grant recipients as their medical treatment continues.

As you know, the purpose of the Foundation is to provide funds to women who would benefit from fertility treatments but who cannot afford them. All EDF Grants so far were awarded to assist women with the costs of 'in vitro fertilization' (also known as IVF). Since the maximum Grant is \$5,000, and the cost of IVF treatment is \$10,000 - \$20,000, Applicants must assume the balance of the cost themselves. We cannot award Grants without financial help from **YOU**. We are thrilled that, due to the generosity of many caring individuals, the **Foundation has been able to award four Grants** so far!!

Our goal for 2014 is to provide financial assistance for another 3 or 4 women to receive fertility treatments. This means we need your help!! Under the U.S. Tax Code, the Evan David Foundation is a charitable organization, so any donations we receive are tax-deductible as stated in the Code. **Please help us by thinking of the EVAN DAVID FOUNDATION in your end-of-the-year charitable donations!!** They can be sent to:

Finally, if you know of anyone who could benefit from fertility treatment but cannot afford it, or if you know anyone who might wish to help us with this worthy cause, please refer them to our website at **EvanDavidFdn.org** .

Thank you in advance for your generosity!
